PROFILE SUMMARY

Hello! I'm Charani Kaushalya Danapala, a creative and detail-oriented frontend developer passionate about crafting user-friendly, responsive, and visually appealing web interfaces. My GitHub showcases my expertise in modern frontend technologies and frameworks.

PROJECTS

Secure file sharing app

Built a secure file-sharing platform with features like file encryption and a sleek, responsive UI using HTML, CSS, and Bootstrap.

Portfolio Website

Designed and developed a professional portfolio website using HTML, CSS, JavaScript, and the Bootstrap Framework.

Job Portal Project

Designed a job portal with dynamic functionality, focusing on CRUD operations and user interaction, combining my frontend and backend expertise.

CRUD Application

Developed a full-stack CRUD application using Python, MySQL, and a user-friendly interface. This project showcases my ability to integrate backend logic with an intuitive frontend.
